

TROOP 220 PARENT INFORMATION
LONG Campsite in Camp PIERCING ARROW at BARTLE SCOUT CAMP
Second Session – Friday, June 23 to July 2, 2023

Updated: April 19, 2023

Purpose:

- Provide you information on what you and your Scout can expect with the Bartle Camp experience.
- Provide an overview of the summer camp program.
- Answer questions you may have.

Registered Attendees:

- 35 Scouts, 36 full time adults, and several part time adults currently registered for camp.
- Natasha Demarco - will be the Camp Senior Patrol Leader.
- Elie Coleman - will be the Camp Assistant Senior Patrol Leader

Natasha, along with Elie, will be in charge of all Scouts, and group activities as a Troop.
Elie will assist Natasha with her duties and also fill in whenever Natasha is unavailable.
Natasha and Elie will attend daily SPL/ASPL meetings with camp Staff for activity information.

All Scouts will report to the Camp SPL and ASPL at camp.

The SPL and ASPL will report to the Camp Scoutmaster and Camp Assistant Scoutmaster.

Tabi Beck – 816-263-9300 – Camp Scoutmaster

Thomas Demarco – 816-284-8317 – Assistant Camp Scoutmaster

The Camp Scoutmasters will attend daily SM/ASM meetings with Camp Staff Leadership and provide daily updates of activities and other information. They interact with the Adult Leaders, the SPL and ASPL to help provide an environment that is safe, productive, and most importantly...FUN!

We have adults with years of experience that will be in attendance for support as Leaders. These Leaders have volunteered for various job responsibilities to make our camp happen. Scout Camp cannot operate smoothly or efficiently without their time and contribution.

Please also refer to [ther link](#) for additional information.

1) Days 1 & 10 Travel Information:

- Leave on June 23rd from Lees Summit Christian Church. Please plan to have your Scout here by **8:30 am sharp** for check in. We will travel in our Class "A" uniform.
- These 2 completed forms should have already be submitted and be on file:
 - Health forms with a Copy of Insurance card (all Campers)
 - Authorization to dispense Medicine form (youth only)

All youth and adult campers must have these forms to enter and attend camp.

- Scouts - Check in at all stations for:
 - Camp box and bag inspection (All bags, packs, sleeping bags, etc. will also be checked)
 - Medicine check-in
 - Turn in money for bank along with an extra key or combination for camp box lock.
- Everyone will need to bring a non-refrigerated sack lunch to eat when we arrive at camp. Please make sure Scout name is visible on it. Drink will be provided at Camp, but your daughter can bring her own.
- We need to have everyone checked in, and the trailers loaded by the 9:20 circle up for announcements.
- 9:25 pose for group pictures.
- Certain leaders will depart at 8:45 with all submitted forms for 11am Troop check in process and for tent and cot check in inspection.
- All camp boxes will be loaded into the troop trailer and scouts will be transported in vehicles with adults traveling to camp
- All vehicles should **follow** the 2 Troop Trailers for assistance should there be any issues. Camp will only allow adult vehicles to enter at 12 noon, not before, so there is no need to hurry on the roads.
- All Scouts will return home with the troop the same method they went to camp. We will return to LSCC Sunday, July 2, around 10:00 am. Please be here or plan for someone to pick up your daughter (if it is not you, we need to know who that will be). It creates some anxiety for your Scout and leaders if you are not here. We all want to go home.
- After the Scouts help unload the gear July 2, they may leave **after** being dismissed by the Senior Patrol Leader.

2) Safety Policy regarding COVID-19

Procedures have been developed with a focus on safety and social distancing. We will follow the HOAC policy for long term camping.

- There are NO Covid restrictions at this time.
- Attendees (youth and adult) are currently not required to submit a Pre-Event 7 Day Temperature Log.
- Personal Items: Everyone should provide their own masks if they wish to wear one. Each camper can bring a small sanitizer bottle (6 oz) or a pack of antiseptic wipes (30-40).
- Common Area and Program Area Cleanliness Protocol: There will be procedures in place for the most effective cleaning methods. All campers are expected to assist in keeping the camp clean. A Scout is Clean and Helpful.
- Campsites: Each troop is required to bring additional hand sanitizer and soap and help ensure that all campers wash their hands for 20 seconds before attending meals. Scouts must sanitize their hands before touching the drink coolers for bottle refills. Troop 220 will also sanitize all tables, handrails, and latrines.
- Program Areas: All program areas will sanitize all tables and program items before each Merit Badge class. Program items that are shared between multiple people in a class will be sanitized between each use.
- Aquatics Facilities: The shower house will be sanitized at 6 am each morning, as well as before lunch and dinner. Chlorine will be checked daily to ensure it is maintained at the proper levels. If the chlorine drops below acceptable levels the pool will be temporarily closed until corrected.
- Social Distancing Requirements: Camp Bartle will adhere to social distancing as a best method for limiting the spread of disease. Staff is implementing a viable solution that involves all of the areas Scouts, Scouters, and Staff will be using. A Scout is Courteous.
- Covid rate changes could influence possible changes or modifications to Programs and Activities

3) Daily Camp Schedule:

Day 1

- Arrive at noon, meet in the Long Pavilion. Scouts will have lunch, tent inspection and set up camp. Each Scout should know who her tent partner is before going to camp. BSA Policy, is Scouts must tent with someone within a 2-year age difference unless a sibling.

EXCEPTION - All First year Scouts will tent with a First Year Scout. If we have an odd Number, we will help that first-year scout find a tent partner with a second year Scout.

- Immediately after lunch, all Scouts change into swim wear and will take their health forms to the pool to have their 100-yard swim test, for their BLUE wrist band **(they should pack swimsuits and towel on top of items in camp box. Alternatively, you may wear your swimsuit under your Class A uniform to camp).**
- Adults will check in at the commissioner area with their Health form to receive their wrist band to be on property and meals. Adults may also take their swim test after the Scouts are completed for their Swim band to be on the Lake. Adult vehicles need to be moved to the main parking lot by 2:00pm
- During the campsite check-in, the complete troop will have an afternoon Storm Shelter Overview presented by the campsite host. At 5:00 pm, Scouts will be escorted by the campsite host into Camp Long's storm shelter under the Pavilion and they will go over all Storm Shelter and Fire procedures. The rest of afternoon is free time to get camp set up.
- There will be an opening campfire the 1st night. We will wear our matching RED class B shirts.
- We will eat meals at the dining hall with protocols in place.
There must be 2 adults at every table.
Scouts attending an Outpost will eat their meal at that Outpost location.
- Space is limited in the Dining Hall.
 - We will have 9 tables of 8, reserved for Scouts and Full Time Adults.
 - Part Time Adults will need to wait for open seats either with the Troop, other areas in the Dining Hall, or at the overflow areas Outside.
- **All Part Time Adults must first check in** at the Cortez Health Lodge located next to Head Quarters **on the day of their arrival** for their health screening. Your Health form will be at the Health Lodge. Once completed, you will be directed to the Reservation Head Quarters building next door to verify registration, YPT, and receive your part time wrist band to be on the property and for meals. Wrist bands must be worn at all times. Please note, RHQ will not be open until after the 7:30 Breakfast. You may then drive to the parking lot to unload and come to Long. Part Time adults will be able to take their swim test at 1:00pm each day. A Blue wrist Band allows Lakefront access for Outposts.

Days 2 thru 9:

- Our Day begins with Reveille at 7 a.m.
Please work NOW, on having your daughter ROUTINELY get up at 7am to be used to this time.

She is to be dressed with her shirt tucked in, take any morning medications, staff her assigned KP, or assemble around the camp flagpole for announcements and participate in the morning flag ceremony. All this is completed before departing for Breakfast at 7:25 a.m.

Morning merit badge classes begin at 8:30am, lunch at noon, afternoon merit badge classes begin at 2:00pm, free swimming time either morning or afternoon, dinner and an evening activity.

Call to quarters is at 9:45pm, where we expect all Scouts to prepare for sleep. Taps is at 10:00pm, and is a **sacred time** for all of the Mic o Say Tribesmen. All lights are to be off and Scouts **should be silent** during their time. Lights should then remain off and all Scouts are expected to be in tents asleep after taps.

- Throughout the week we will have Outpost Programs for the Scouts to participate in.
- Each Scout will also be responsible for her assigned KP, and with her Patrol for recycling, Pavilion cleanup, trash, & latrine duty.
- 1st year Scouts will be working on rank advancements at 9:30 A.M. with Doug and Sean, and have only have 1 merit badge class in the morning. Scouts not earning their blue band for Swimming Merit Badge will take Instructional Swim at 1pm each day until they pass swim test to join the Swimming merit badge class.
- Second Year Scouts will be able to work on any remaining 1st Class requirements in camp.
- If your daughter's merit badge has any prerequisites. Please have her do them before camp. This will increase her chance to complete the merit badge during camp and decrease her frustrations at camp. See Doug Demarco if you have any questions about merit badges at camp for first year scouts. 2nd year campers and above please see the Adult assigned to merit badges.
- As you can tell, your daughter could be very busy.

Two Mic-O-Say ceremony programs occur on Wednesday **Day 6** and Friday **Day 8**. These are open to MOS members only. Monday evening, **Day 4**, is the MOS call out campfire for Scouts. Call night is open Only to Tribesman and registered campers. Anyone attending any of these nights must either wear their Class A uniform or Tribal Attire. This includes ALL visiting Tribesman.

NEW POLICY - ALL MOS visitors wishing to attend Call Night, Resolutions, or any Ceremony, MUST FIRST stop at RHQ and provide an ID, sign in, and receive a wrist band. ANYONE without a wrist band will be asked to return to RHQ or leave Bartle.

Day 3 is Visitors Sunday: (no merit badge classes occur during Camp Visitor Day)

- Sunday, June 25th at 10 a.m. – 4 p.m. at the Long Campsite.
- The whole family is invited to visit, and **at least one close relative should be there**. Nothing is worse than a Scout without a family member attending. Please communicate any issues.
- Please arrive at 10 am when the gates open. **Please let the leaders know if you will be late.**
- Please use the Map for directions to Bartle, Camp Piercing Arrow, Long campsite.
- Please Carpool if possible as parking space is limited.
- Please Dress for the weather, please no open-toe shoes or sandals for your safety. Please do not allow your younger children to run in camp. There are a great many rocks and other items that they can trip on and hurt themselves. Sunscreen is good to have as well.
- No **pets**, bikes, drones, alcoholic beverages, illegal substances, etc., are allowed anywhere in camp, or on the H. Roe Bartle Scout Reservation property. Smoking or Vaping is not allowed in camp. Should you have this need, there is a designated area between Parry Lodge and the staff area.
- You will need to bring a meat dish, a side dish, and a desert, in a quantity to feed your family and at least two extra people.
- The dining hall will not be providing Sunday dinner for the campers.
- **Our Sunday dinner will be the food that is left over from lunch.**
- Please do not bring food that will easily spoil (no dishes with mayonnaise). We will use ice coolers to keep the leftovers cooled, but space is limited.
- We will provide iced water and Gatorade for everyone to drink.
- Please also bring enough eating utensils, plates, drinking cups, lawn chairs, and a portable table for your family. Please bring extra utensils and plates. We will use them later that evening for dinner. Please take home any containers/serving utensils you wish to keep. We cannot be responsible for these as we dispose of them after we are finished.
- We will have tables set up for food and will begin setting out refrigerated food around 11:30 (please leave refrigerated food in coolers until this time). We will gather for a few announcements around 11:45, and plan to have Grace around noon for our meal. We will eat buffet style.
- Special guests and those with afternoon duties may be the first in line.

Visitor Sunday (continued):

- H. Roe Bartle Scout Reservation is home to an Honors Camping program. It is called Mic-O-Say.
- You may see many individuals wearing claws or pouch with a claw. Please ask these individuals what their Tribal name is, or what the Coups (beads) they wear mean. As time goes by, your daughter will learn more about the Mic-O-Say program.
- During Visitor Sunday afternoon, Mic-O-Say will provide entertainment in the Piercing Arrow Campfire Ring. You are welcome to attend and watch, as well as, explore the H. Roe Bartle Scout Camp. Your daughter will want to show off her camp. Please remember any area bordered with White Rocks is for Tribesmen only.
- Do not leave anything with your daughter except clean clothes, money, or snack food (tightly sealed).
- Please Do Not take your daughter's Class A uniform home on visitor's day.
- Please Do Not take your daughter off the reservation, and do not take her home.
- All Visitors must depart by 4 pm.
- One request – when you decide to go...please GO...**and do not prolong your "good byes"**. It may be hard for you, and your daughter could be a little homesick, but it is best for you and your daughter, to say your good-byes at the tent or the car, and then you turn around and leave.

Being homesick and learning how to deal with it, is part of her maturing. There will be activities Sunday night to keep her busy. The adult Leaders are experienced with handling homesick campers.

If your daughter is homesick and wants to leave with you, please let us know ASAP. This way we can start things in motion to make sure she is taken care of when you leave.

Saturday evening on Day 9

After dinner and before closing campfire, all Scouts will load their camp boxes and gear into the trailer to save time for departure on Sunday morning, Day 10. They will need to keep the following for Saturday/Sunday: bedroll, pillow, flashlight, toiletries, water bottle, and Class A uniform for Sunday travel.

Departure Day 10

- Scouts will rise at 6:30am, dress in class A uniform, load bedding in trailer, police tent area and campsite, then go to breakfast at 7:30. After breakfast around 8:00am, Scouts will load directly into the same cars that they arrived in, and return to LSCC, arriving around 10:00am or so.
- After they help unload the trailer and put away the gear, they may leave after being dismissed by the Senior Patrol Leader.

4) How to reach your daughter.

Send all mail to this specific address:

Full Scout Name & Troop 220
Camp Piercing Arrow, Campsite Long
Bartle Scout Reservation
5525 NE Scout Camp Rd
Osceola, MO 64776-9000

- Do not hesitate to send letters or even “goodie” packages. Mail call is Monday thru Saturday, and the Scouts are always excited to receive mail (don't forget your adults). Please start sending the mail even before your Scout leaves for camp. **June 20th** would be a good time to send the first letter or package, **let it be a surprise**. It could take 2 to 3 days for letters and longer for packages. Do not mail anything after Tuesday, **June 27th**, as it could arrive after we are gone.
- We are good at keeping Scouts engaged and not being homesick. However, we have one request regarding your cards and letters. Please express your wishes for their success and having a good time. Inform them of positive news or anything occurring at home, but please do not mention you miss them, or they could become homesick.
- Phone service is extremely limited for all providers other than T-Mobile. The Bartle Scout Camp phone number is 417-646-8115 from 7am-10pm. It is to be used for emergencies only. If you call, it will be a while before your daughter will call you back, please be patient. We generally know where your daughter is at all times, but we have to go find her if she is not in the Long campsite. For example, she could be at MB classes, on a hike, or a different part of the H. Roe Bartle Scout Camp.
- There is only one outgoing pay phone in the Piercing Arrow camp, and it is shared by the whole camp. They are allowed only 5 minutes on this phone and 2 adults need to be with her. If a Scout asks to call home a lot, it is usually indicative of a problem which we can normally address. There are 30 adult leaders, most have been to camp a number of years. There is not much we haven't seen.
- Should there be any issues, we will contact you at the number you have provided.
- We do not recommend taking your daughter out of camp, or home early from camp. Not only will this affect her merit badges, but days in camp could also affect her Mic-O-Say recommendations. If she absolutely has to leave early, then let the Camp Scoutmaster or Assistant, know now, **before** the Troop leaves for Camp. If someone else other than you picks her up, a signed permission slip is required.
- **NEW** this year. If your daughter must leave.

At the time of checkout, you will need to go to the RHQ (Reservation Headquarters) to sign your Scout out or back in. Your Scout will then be brought to the RHQ to leave or will be picked up from RHQ upon arrival. You will not be allowed in camp itself to pick her up or drop her off.

5) What to bring to Scout Camp:

- See detailed list On page 13. We will wear the Class A uniform to and from camp, and several times during camp. Class A uniform is the Scout shirt, Scout pants, Scout socks, Scout belt and Scarf. Scout hats are recommended. Class B t-shirts need to be Scout oriented. They can wear regular shorts during camp. They will need extra socks and shirts.
- **PUT YOUR SCOUT's NAME & Troop 220 ON EVERYTHING** – not just clothing. It may seem like it is easy to identify items, but it is not so easy when everything is spilled out and mixed up together on the tent floor along with her tent partner or left on a picnic table or Merit Badge class.

Scouts may only bring a small 3-legged stool to camp. Please no large or zero-degree chairs.

- Please do not buy new boots/shoes just before camp. Buy them now and let your Scout break them in. An extra pair of shoes is recommended, especially if it is rainy. For foot protection & tripping prevention, **NO flip flops, NO OPENED TOED** shoes or sandals.
- Clothes hanger for Class A uniform. Para cord is useful for a clothesline to dry swimsuits/towels.
- Towel, soap and toothbrush and toothpaste. Please impress upon your daughter to the importance of taking daily showers, brushing her teeth, **using ANTIPERSPIRENT** deodorant and Gold Bond. Scouts will be given time to do this, but ultimately it is their responsibility. We will insist they shower regularly. We recommend Scouts also carry a small bottle of hand sanitizer or wipes and bring a mask. Store a sanitizer wipe packet in a small Ziploc as packets tend to leak.
- Rain gear. Rain Suits are best. At least poncho of some substantive material. A trash bag is not rain protection. She may not need it, but it can rain, and if wet, she will not be very happy.
- **Water bottle on a carabiner to hook on belt.** Make sure it is labeled with their name AND troop 220. Nalgene type is best type, as it will get dropped. Rocks will dent expensive Aluminum and Stainless-steel bottles. We will have water and flavored drinks, and there are multiple watering stations around camp. Scouts must sanitize their hands before touching the drink coolers for bottle refills. We will insist they always carry water bottle and drink throughout the day.
- Battery operated fan is optional. Pack extra batteries as charges go quickly.
- We suggest a pair of long pants and jacket, or at least a long sleeve shirt just in case it gets cool. She will also need the long pants for the conservation project.
- Life Saving MB requires a long sleeve button up shirt and long pants. Make sure that the shirt and pants are loose fitting that she can get out of in the pool.
- Pocket knife to earn their Totin' chip. Totin' chip if they plan to carry a pocket knife.
- Make sure that Scouts pack their own camp box so that they will know where and what is in it.
- **DO NOT BRING:**
 - **CELL PHONES** (there is nowhere to charge and we cannot be responsible for being lost or broken)
 - Drones
 - Valuables
 - Open toed shoes, sandals, or flip flops

- Fixed bladed knives, knives with serrated edges or blades over 3 inches, or any weapons.
 - Hammocks
 - Liquid fuel, matches, cigarette lighters, fireworks, firearms, **aerosols of any kind**, tobacco, smoking material or alcoholic beverages. **These items will be confiscated and returned after camp.**
- Bring nothing valuable that cannot be replaced such as **CELL PHONES**. Items do get misplaced at camp and may not return home as expected.

6) Program schedule:

- There are number of opportunities for merit badges and rank advancement. All first-year campers will participate in our Troop First year program. They can complete most, if not all, of the requirements for Tenderfoot, and many for Second and First Class.
- Scouts completing all requirements for Rank while at camp, should see the Scoutmaster to set up a Scoutmaster Conference and request a Board of Review for the Rank they have completed at Camp.
- There will be some Outpost activity programs. Some are age dependent, and some have a cost. Any Scout or Adult going to the Lakefront MUST have a BLUE swim band.
- We will hike 5 round-trip to Iconium with a meal and a treat (Peach Floats) to accomplish a five-mile hike rank requirement.
- Will have a good deed and conservation project as a troop.

7) Expenses:

- Merit badges: Many have no expense except perhaps the merit badge book, which if you plan to buy, you should buy in K.C., or check the library. Handicraft badges generally do have some type of project which is \$3-\$7, basketry is about \$20. Shooting and some Lakefront MBs are \$2 to \$20. Please check fees in advance. Some Outposts also have a fee, check at sign-ups.
- Trading post: pop, snacks, t-shirts and misc. "camping" items and few souvenir type things.
- Banking Procedures: Scott is our banker. He will be at the check-in to take your Scout's deposit. Generally, about \$30-\$40 in primarily \$1s & \$5s. Scott will also need the extra key or the combination to your daughter's camp box lock. The bank will be open after breakfast and lunch for withdrawals. Should your Scout want a large sum of money (over \$5-\$10) we will its intended purpose. We try to help them budget money over the course of the session. If a Scout wants to buy something expensive like a knife, we generally want your approval in advance.

8) Medicine:

- Tabi Beck, Cheryl Ann, and Hannah Beck will be serving as the Long Campsite "Nurses" during camp. While there is a full-time health lodge, they will be responsible for maintaining and dispensing prescription drugs during camp. On departure day June 23th, please check in all medication to Cheryl. All medicines need to be in their original container with your Scout's name and dosage. Please provide a written dosage instruction and the schedule to follow. If it is only to be given on as needed basis, please discuss this with Cheryl while your Scout is present, so all will know (including your Scout) and are clear and understand how this will be done. Please complete the Authorization to Dispense Medicine form for your Scout to receive any other medicine should it become necessary. All Scouts need to have this form completed.
- If your Scout is on a medication that you are considering a change, please either do that now or wait until after camp. Changes in medication right before camp, can affect behavior and create some real challenges for both the Scout and adult leaders. If there are any special needs, please let us know before camp. We can deal with most everything if we know ahead of time.
- Special needs. If your daughter has a special dietary need, we need to know this information now, so that this information can be entered on line and given to the Dining Hall Coordinator.

9) Safety and Emergencies:

- Remind your daughter to check herself daily for ticks, & bring any bites to the attention of an adult.
- All Scouts should bring any injuries, cuts, rashes or illnesses to the attention of the adults.
- We maintain a first aid kit for minor problems.
- For Significant problems, we will take the Scout to the Health Lodge where a medical staff is present.
- No running in camp. There are a great many rocks and other items that Scouts can trip on and hurt themselves.
- Remind them to leave the wild life alone. Baiting is strictly prohibited.
- Remind them to carry their water bottle at all times, and drink plenty of liquids, **we will be consistently reminding the of this as well.**
- The H. Roe Bartle Scout Camp has very strict guidelines for weather conditions and heat alerts. They watch radar in the maintenance office, and will announce activity reduction for heat levels.
- The Storm shelters are rated to withstand an F5 Tornado. Each Shelter has a generator, 2-way radio, water, 2 port-a-pottys, wash water station, first aid kit and extra flashlights.
- You can sign up for a text message when a weather alert is announced.
<http://mobile-text-alerts.com/subscribe/boyscouts>

10) Conduct and Responsibilities

- Scouts will live by the Scout Oath and Scout Law.
- The Buddy System will be in place at all times. Scouts will need to let Adults know where they are going and a return time when not attending Merit Badge Classes or scheduled activities.
- The Troop Code of Conduct applies at all times.
- Hazing, bullying, fighting, theft, destruction of property could lead to a phone call for parents to come to camp and pick-up a Scout to take home early.
- Scouts are financially responsible for all Troop and Camp equipment. If a tent or cot becomes damaged, the Scout should immediately come see an adult leader. We have repair kits, and we can fix almost every issue at no cost, including rips in the tent. If the Scout fails to inform leadership of damage for leadership to repair before Day 10 departure, Scouts will be charged for repairs at the rate established by Bartle.
- See list for equipment repair cost on page 14.

Troop 220 – Bartle Scout Camp Packing List

The following list of items is suggested for Bartle Scout Camp. Please use judgment and common sense when deciding what your scout needs. **Important items are highlighted in yellow!**

Items marked with an asterisk (*) should be considered optional and sent only if space allows.

Everything your scout needs must fit in her camp box. Sleeping bag and pillow excluded, carry those in a small book bag or backpack.

LABEL EVERYTHING with your Scout's name AND TROOP 220.

CLOTHING /TOILETRIES (Daily wear for 9 days)

- 220 T-shirt or any Class B (8 needed)
- Red 220 Campfire T-shirt (1)

EQUIPMENT CARE AND DAMAGE

Each Scout is responsible for taking care of camp equipment that has been assigned for their use. If your tent or cot becomes damaged during camp, please contact an adult immediately for repairs.

We have repair kits and can repair tent and cot damage free of charge in most circumstances. If the damage is beyond repairing, you could be responsible for charges.

Campers,

If you fail to report damage before leaving camp, you will be charged for all repair costs.

The Scout or Parent is then responsible for payment of repairs or replacement.

The charges the Troop would be assessed by Bartle, are as follows:

COTS

Canvas replacement (rips, cuts, or writing on canvas) \$35.00

Cot replacement (when canvas and frame are damaged) \$75.00

Cot end, leg or side board replacement \$20.00

Metal Cots \$75.00

TENTS

Rips and tears \$10.00 per inch

Writing on canvas \$25.00 per panel

Tent replacement \$365.00

Waterproofing Destroyed (Determined on Case-by-Case Basis)

ARMY CORPS OF ENGINEER MARKER REPLACEMENT \$1,500.00
